

GLOBAL MANAGEMENT CHALLENGE

International Final Rules - 2024 Edition - online

1. The Global Management Challenge supports groups of up to 8 teams.
2. The International Final will have two rounds, a semi-final and a final.
3. Due to the 'super typhoon' that occurred in Macao canceling the event, the Organization decided to hold the 2024 International Final as an online competition.
4. All teams competing in the International Final will be split randomly, into different groups for the semi-final. This operation will be done by online draw (MS Teams).
5. At the end of the semi-final, depending on the total number of teams, a certain number of teams with the highest Investment Performance in each group will qualify for the final.
6. After the final, the team with the highest Investment Performance in the Group will be the winner of the International Final.
7. In a case of equal Investment Performance in any round, the winner (or winners) will be the team (or teams) with the highest Share Price in their Group.
8. In the semi-final or in the final, it is mandatory to submit the 5 decisions. Otherwise, is automatically disqualification.
9. In this International Final, teams will compete online all the event.

Online Procedure:

- a) The competition will take place in the competition area website.
- b) The contact between teams is not allowed.
- c) Teams will be allowed to access the internet during the competition.
- d) The teams will use their own computers and will be allowed to use tablets, mobile phones and smart watches.
- e) For semi-final the team can freely choose where they will compete and decide whether the elements of the team participate together or at a distance.
- f) The results from the semi-final will be published on the website in maximum in one hour after closed each decision.
- g) For the final we request all team members to be together in the same physical space during the competition hours. If it is not possible, all the team members must be online and individually connected to the Microsoft Teams platform and be contactable during the competition.

- h) During the Final all teams must be always connected to the Microsoft Teams platform and be contactable during the competition.
 - i) The Microsoft Teams platform will be used for interaction between the organization and the teams during the event unless the organization informs otherwise.
 - j) The team must be available throughout the competition period and associated events.
 - k) Participants other than the 2024 GMC winning teams are not allowed to compete.
 - l) For the final team members shall not be permitted to leave the workplace or without the permission of the Organisation. If a team member has permission to leave the room during a decision, he will only be allowed back in the next decision.
 - m) Trophies and certificates will be available after the event.
10. Should the Organisation consider that the actions of any team during the event, during competition or between competitions, are forbidden according to these rules and/or might harm the Competition, it shall propose to the Jury that such team be disqualified. The teams disqualified by the Jury in these terms, as well as their respective members, shall not be admitted to future participations in the Competition.
11. The competition is overseen and controlled by the International Organisers (SDG), and the results are audited and validated by the International Organisers (SDG).
12. All GMC International Finals have an **International Supervising Board (ISB)** that will review all situations reported by the International Organisers (SDG) and will act as the final jury. Its decisions will be independent and irrevocable, in all questions, uncertainties or disputes related to the procedures and results relating to the Competition.
13. Each team member must declare that it has knowledge of the content of these Rules, recognizing that all the decisions relating to the interpretation and application of these Rules shall be exclusively decided by the International Supervisory Board (ISB). Each participant acknowledges and accepts that the decisions made by the International Supervisory Board (ISB) are final and irrevocable in nature and are therefore not capable of being appealed or opposed.
14. The organization is not liable for any accident, physical damage; material and/or moral occurred inside and/or outside the scope of the event aimed at and/or involving participants.
